**Reconsideration motion to approve the variance made by board member clerk Brian Hill; second by vice chair Charles Gray. Motion did not carry with a roll call vote of three (3) to two (2). Daniel Plotkin and Francis Dean voting in opposition of the motion to approve the variance. Variance DENIED due by failure to obtain super majority vote in favor of approval.**

Clerk Brian Hill asked Chair Beglane regarding the role the alternate would play in terms of this vote. Chair Beglane clarified that would only be if a regular member is unable or unwilling to vote.

The petitioner Anthony Gorneault was added for discussion. He asked the Board members about options going forward to help remedy the drainage issue. He explained that a neighbor who is a civil engineer ran the calculations that the Board was previously requesting. Chair Beglane explained that this information could not be considered as the public hearing was closed at the April 12, 2021 meeting.
