Notices

By enrolling, you understand and agree that if you or any of your enrolled dependents obtain a health care benefit or payment that you are not entitled to receive, or if you knowingly present a claim that contains a false statement, you may lose your health care coverage and can be liable for the full amount of the health care benefit or payment made and for reasonable attorney's fees and costs, including the cost of the investigation.

Tufts Health Plan arranges for the provision of health care services through agreements with independent community-based health care professionals working in private offices and with hospitals throughout the Tufts Health Plan service area. These providers are independent contractors and not employees, agents, or representatives of Tufts Health Plan. Tufts Health Plan does not directly provide health care services.

We collect email addresses and cell phone numbers ("your information") as part of the registration process. We may use your information to notify you of online activity related to the security and privacy of your accounts, such as, retrievals of username, etc. In addition we may use your information to send you health and wellness information and other updates that might be of interest to you as members of Tufts Health Plan. On certain occasions we may also share your information with providers in our network so that they may send you information that describes health-related products and/or services offered by the provider and included in your plan of benefits, enhancements to your plan, and/or benefits and services available to you as a health plan member that add value to, but are not part of, your plan of benefits. Each time we or any such provider sends health and wellness information and other updates, you will be given the opportunity to opt-out of receiving similar emails or cell phone communications in the future. Please note that you cannot opt-out of receiving emails that notify you of online activity since these are necessary to protect the privacy and security of Web accounts.
