Press Release

March 16, 2020

The Town of East Longmeadow is closing the Town Hall building to the public effective Tuesday, March 17, 2020 through March 30, 2020 in an effort to stem the spread the Covid-19 virus.

All essential town services will continue with minor procedural changes. This situation is rapidly evolving and of unknown scope. Therefore, the following extraordinary measures are being implemented in the interests of continued public health and safety.

Only essential personnel will report for duty. Residents and businesses are asked to use online transactions and telephone or mail requests for municipal business.

Police, Fire, Health and DPW departments will continue business as usual. Other offices will perform their duties remotely where possible.

If you have general questions or seek information about the town's response to Covid-19 we have set up a dedicated phone number (413) 486-9000 and an email address covid19@eastlongmeadowma.gov. Any calls requiring medical assistance should still be directed to 9-1-1.

These decisions are made in an effort to comply with direction from the Governor's office and follow guidelines issued pursuant to the declared state of emergency in the Commonwealth of Massachusetts.
